RULE 2: Application of Rates and Charges

Effective: 11Oct2017 Thru: Expires: Publish 11Oct2017 Amend: I

1. Rates published in this Tariff are stated in terms of U.S. Currency and apply per 1 Cubic Meter (M) or 1,000 Kilos (W), as indicated, whichever basis yields the greater revenue, except as otherwise specified. Where the word "Weight" or the letter "W" appears next to an article or commodity, weight rates are applicable without regard to measurement. Where the word "Measurement" or the letter "M" appears next to an article or commodity, measurement rates are applicable without regard to weight.

All freight rates and other charges shall be based on the actual gross weight and/or overall measurement of each piece or package, except as otherwise provided.

Rates indicated by W/M or WM are optional weight or measurement rates and the rate yielding the greater revenue will be charged.

2. Except as otherwise provided, all "Port" (i.e., Port-to-Port) rates published herein apply from/to places where the common carrier originates or terminates its actual ocean carriage of cargo. Tolls, Wharfage, Cost of Landing, and all other expenses beyond the port terminal area are for account of Owner, Shipper or Consignee of the cargo and all such expenses levied in the first instance against the Carrier will be billed in an equal amount to the Owner, Shipper, or Consignee of the Cargo.

The "Point" rates named in this Tariff are applicable from Inland Points which lie beyond port terminal areas. Such rates will be shown as single-factor through rates.

Such rates shall be inclusive of all charges pertinent to the transportation of cargo (including intermediate but not Origin or Destination Terminal Charges) but not including Customs clearance assessments or Forwarding Charges, except as provided.

Alternatively, at shipper's request, carrier will arrange for inland transportation as shipper's agent. All associated costs will be for the account of the cargo. Overland carriers will be utilized on an availability of service basis and not restricted to any preferred Carriers, except as Ocean Carrier deems necessary to guarantee safe and efficient movement of said cargo. (See item 16, re: Advanced Charges.)

RULE 2: Application of Rates and Charges (Continued)

Carrier shall not be obligated to transport the goods in any particular type of container or by any particular Vessel, Train, Motor, Barge or Air Carrier, or in time for any particular market or otherwise than with reasonable dispatch. Selection of Water Carriers, Railways, Motor, Barge or Air Carrier used for all or any portion of the transportation of the goods shall be within the sole discretion of the Ocean Carrier.

3. Packages containing articles of more than one description shall be rated on the basis of the rate provided for the highest rated articles contained therein.
4. Rates as published herein do not include Marine Insurance or Consular fees.
5. Description of commodities shall be uniform on all copies of the Bill of Lading and MUST be in conformity with the validated United States Export Declaration covering the shipment. Carrier must verify the Bill of Lading description with the validated United States Export Declaration. Shipper amendments in the description of the goods will only be accepted if validated by United States Customs.

Trade names are not acceptable commodity descriptions and shippers are required to declare their commodity by its generally accepted generic or common name.

6. Unless otherwise specified, when the rates in this Tariff are based on the value of the commodity, such commodity value will be the F.O.B. or F.A.S. value at the port of loading as indicated on the Commercial Invoice, the Custom Entry, the Import/Export Declaration or the Shipper's Certificate of Origin. The F.O.B. value and the F.A.S. value include all expenses up to delivery at the Loading Port.
7. The rates shown in this Tariff except where predicated on specifically lower values or on an ad valorem basis, are subject to Bill of Lading limit of value.
8. Except as otherwise provided, rates published in this Tariff apply only to the specific commodity named and cannot be applied to analogous articles. Unless a commodity is specifically provided for, the applicable Cargo, N.O.S. rate shall be applied.
9. Wherever rates are provided for articles named herein, the same rate will also be applicable on parts of such articles where so described in the ocean bill of

loading, except where specific rates are provided for such parts.

10. FORCE MAJEURE CLAUSE: "Without prejudice to any rights or privileges of the Carrier's under covering Bills of Lading, dock receipts, or booking contracts or under applicable provisions of law, in the event of war, hostilities, warlike operations, embargoes, blockades, port congestion, strikes or labor disturbances, regulations of any governmental authority pertaining thereto or any other official interferences with commercial intercourse arising from the above conditions and affecting the Carrier's operations, the Carrier reserves the right to cancel any outstanding booking or contract in conformity with Federal Maritime Commission Regulations."

11. When a commodity can properly be carried under more than one tariff item, but which by its nature is clearly influenced by its end use, the freight shall be assessed based on the rate of the end use commodity, eg:

Rubber Gloves, Cotton Gloves, etc. would all be rated under "Gloves, N.O.S." rather than Rubber Goods, Textiles, etc.

The above does not apply in cases where there is a specific tariff rate for the commodity in question, eg: If the tariff contains a rate for Rubber Gloves, then this rate will apply - and NOT the Gloves, N.O.S. rate.

12. When two or more rates may be applicable to a given shipment and one rate is more specific than the others, the most specific rate shall apply.

One rate is more specific than another when it describes the commodity being shipped more explicitly, i.e.: Canned Pineapple is more specific than Canned Fruit or Canned Goods, N.O.S.

A rate from/to a specific destination is more specific than a rate to/from a geographic range or zone,

Examples:

A rate from New York, NY is more specific than a rate from Atlantic and Gulf Base Ports (AGBP).

A rate to Yokohama, Japan is more specific than a rate to Japan Base Ports (JBP).

RULE 2-060: Measurement And Weight

Effective: 11Oct2017 Thru: Expires: Publish 11Oct2017 Amend: I

Tariff reference to "W" and "M" signify 1,000 kilos and 1 cubic metre respectively. Whenever freight charges are assessed on a W/M "weight or measurement" basis or where rates are provided on both a "W" and "M" basis, the freight charges will be computed on the gross weight or the overall measurement of the pieces or packages, whichever computation produces the greater revenue to the Carrier.

1. All packages will be measured in CENTIMETRES and weight in KILOGRAMMES.

2. Rounding off- Dimensions

Where parts of centimetre occur in dimensions, such parts below 0.5 cm. are to be ignored, and those of 0.5 cm. and over are to be rounded off to the centimetre above.

3. Calculating Cubic Measurements

The three dimensions in centimetres (rounded off in accordance with (2)) are to be multiplied together to produce the cube of one package or piece in cubic metres to six decimals.

In case of a single package the decimals are to be rounded off at the second decimal, i.e., if the third decimal is below 5 the second decimal remains unaltered; if the third decimal is 5 or higher the second decimal is to be adjusted upwards.

In the case of multiple packages of like dimensions the cube on one package to six decimals is to be multiplied by the number of packages and the total cube is then to be rounded off to two decimals under the foregoing procedure.

4. OFFICIAL MEASURERS AND WEIGHERS

The straight loaded shipments of consolidator Cargo, stuffed at carrier's nominated off dock CY locations, does not require measuring/weighing for purposes of confirming volume/weight of cargo. For such shipments, however, there must be a certificate from an officially appointed Sworn Measurer to confirm the exact location at which the shipment was stuffed into the container.

5. MISDESCRIPTION, UNDERWEIGHTS AND UNDERMEASUREMENT

A. The carrier at loading port will assess freight on the shipments on the basis of the gross weights

and/or measurements declared or deemed to have been declared by Shippers. Such assessment is subject to the terms and conditions of the carrier's Bill of Lading. Notwithstanding the foregoing. Carrier may arrange at the port/point of destination for the verification of the description, measurement or weights of all such shipments as they, at their sole discretion, may decide and in all such cases the description, measurements or weights so obtained shall be used for determining the correct amount of freight which has to be paid and expense incurred should be for account of cargo.

- B. If the gross weights and/or measurements declared by the Shippers are less than those ascertained and if the Shippers, by notification to the Carrier, within seven (7) days of the vessels sailing from port of loading or the consignees, by notification to the Carrier prior to the shipment leaving the custody of the Carrier, maintain that the gross weights and/or measurements stated by them are correct, freight shall be assessed provisionally on the controllers' figures and subsequently adjusted, if necessary, after an outturn reweighing and/or remeasuring. If such outturn reweighing, remeasuring and/or resurveying shows that the gross weights, measurements and/or description were understated and/or misdeclared by the Shippers, remeasuring and/or resurveying shall be for the account of the cargo.

6. RATES APPLICABLE PER EACH 100 LBS OR 1 CUBIC FOOT

Rates published herein may also be based on 100 pounds (lbs) or and 1 cubic foot respectively. The rate basis for these rates will be shown as EACH and will be defined in notes filed with the tariff rate item. Freight charges for these rates will be computed on the gross weight or the overall measurement of the pieces or packages, whichever computation produces the greater revenue to the Carrier. Measurement and weight for these rates will be as follows:

- A. All packages will be measured in INCHES and weight in POUNDS.
- B. Rounding off- Dimensions
Where parts of an inch occur in dimensions, such parts below 0.5" are to be ignored, and those of 0.5" and over are to be rounded off to the inch above.

See Rule No. 2-150 (Documentation Fees) and Rule No. 2-160 (AMS Charges) for assesorial charges to apply pursuant to this rule.

A. SUBMISSION OF CARGO DECLARATION DATA; DEADLINE FOR SAME.

Pursuant to Customs regulations effective December 2, 2002, Carrier is required to submit certain cargo declaration data for all cargo on board a vessel that will call in the United States (i.e., U.S. import cargo and foreign destination cargo remaining on board the vessel) to the U.S. Customs Service not later than 24 hours prior to the time the cargo is loaded on Carrier's vessel at each non-U.S. port of loading. In order to enable Carrier to comply with this requirement, except as provided in paragraph B of this rule, any person tendering cargo to Carrier that is to be transported to the United States or that will be on a vessel when that vessel calls in the United States must provide the following information regarding such cargo to Carrier in writing (including by electronic transmission) in sufficient time for Carrier to transmit the data to the Customs Service at least 24 hours prior to the loading of the cargo on Carrier's vessel. Failure to comply with these requirements will result in cargo not being loaded.

1. A precise description of the cargo (or the 6-digit HTS number under which cargo is classified) and weight of the cargo or, for a sealed container, the shipper's declared description and weight of the cargo. The quantity of cargo shall be expressed in the lowest external packaging unit (e.g., a container containing 10 pallets with 200 cases shall be described as 200 cases). Generic descriptions, including, but not limited to, 'FAK,' 'General Cargo,' 'Cargo, N.O.S.,' 'Chemicals,' 'Foodstuffs,' and terms such as 'Said to Contain' are NOT acceptable descriptions.

2. Shipper's complete name and address, or the identification number issued to the shipper by the U.S. Customs Service upon implementation of the Automated Commercial Environment ('ACE').

RULE 2-170: SUBMISSION OF CARGO DECLARATION DATA (CDDC) (Continued)

B. TIME FOR SUBMISSION OF DATA BY SHIPPERS TO CARRIER.

Except as otherwise provided below, the time for shipper to submit data to Carrier shall be as follows:

1. Shippers who submit their shipping instructions in paper format will be required to submit their shipping instructions to Carrier no later than seventy-two (72) hours prior to vessel arrival at the foreign port of load. This applies to all U.S. destined cargo as well as cargo intended to be transshipped at a U.S. port and cargo that will remain on the vessel for carriage to a non-U.S. port.

C. CERTAIN NON-VESSEL OPERATING COMMON CARRIERS.

Non-vessel operating common carriers ('NVOCCs') that are licensed by or registered with the FMC and that have obtained Customs bonds may submit the required inbound cargo declaration data directly to the U.S. Customs Service in accordance with Customs Service regulations and guidelines. For purposes of this provision, an NVOCC is registered with the FMC if it has been issued an Organization Number by the FMC, has published a valid and effective tariff, and has posted the required financial security with the FMC.

1. Certification. Any NVOCC that submits cargo declaration information directly to the Customs Service shall, unless notified by the Carrier pursuant to subparagraph C(1) above that it is not required to do so, in lieu of the information required to be submitted pursuant to paragraph A of this rule, provide the Carrier, not later than the deadline for shipper submission of cargo information under paragraph B of this rule, with a written certification stating that the required inbound cargo declaration data for its cargo has been transmitted to the U.S. Customs Service in a timely and accurate manner. Such certification shall describe the cargo tendered with sufficient specificity (including container number) that Carrier may readily identify such cargo.

2. NVOCC Co-Loading. For purposes of this paragraph, the term 'Master NVOCC' shall mean the NVOCC that is the customer of the Carrier and tenders co-loaded cargo to the Carrier in its name. In the event the Master NVOCC submits cargo declaration data for co-loaded cargo directly to the Customs Service, it shall do so for all NVOCCs with which it co-loads. In the event the Master NVOCC does not submit cargo declaration data for co-loaded cargo directly to the Customs Service but NVOCCs with which it co-loads transmit cargo declaration data for their cargoes directly to the Customs Service, it shall be the obligation of the Master

3. All NVOCCs shall be subject to Paragraphs D and E of this rule.

D. FAILURE TO PROVIDE INFORMATION; DENIAL OF PERMISSION TO LOAD CARGO.

1. In the event Carrier fails to provide the required inbound cargo declaration data to the U.S. Customs Service for all cargo to be loaded on its vessel within the time period required by Customs Service regulations it may, among other things, be assessed a civil penalty, denied permission to unload the cargo for which information was not timely provided, and/or denied permission to unload any cargo from the vessel on which the cargo is moving. Accordingly, Carrier may refuse to load any cargo tendered to it for which it has not received either (i) the data required by paragraph A of this rule by the deadline specified pursuant to paragraph B; or (ii) the certification required by paragraph C of this rule by the deadline specified therein.

2. Any and all costs incurred by Carrier with respect to cargo in its possession which is not loaded due to the non-provision of information or certification, or which is not loaded pursuant to the instructions of the U.S. Customs Service (regardless of whether or not the required data or certification has been provided for such cargo), including but not limited to inspection, storage and/or re-delivery costs, shall be for the account of the cargo. Carrier shall have a lien on cargo in its possession for amounts due hereunder and may hold cargo until such amounts (and any other unpaid freights or charges) are paid or sell such cargo after a reasonable period. In the event Carrier is forced to take legal action to collect amounts due hereunder, Carrier shall be entitled to recover all costs (including reasonable attorneys' fees and expenses) incurred in connection with such legal action.

E. INDEMNIFICATION OF CARRIER. If Carrier is assessed a civil penalty or fine or is denied permission to unload cargo, because of the failure of any and all shippers, consignees, cargo owners, NVOCCs, shippers' associations and their agent(s) to provide the information required by this rule and/or by the regulations or guidelines of the U.S. Customs Service in a complete and accurate manner, then such shippers, consignees, cargo owners, NVOCCs, shippers' associations and their agent(s) shall be jointly and severally liable to indemnify and reimburse Carrier for

In the event Carrier is forced to take legal action to collect amounts due hereunder, Carrier shall be entitled to recover all costs (including attorneys' fees) incurred in connection with such legal action.

F. CONFIDENTIALITY. Carrier acknowledges that the information required by the Customs Service may constitute confidential information that is not generally available to the public. Carrier, in accordance with the requirements of Section 10(b)(13) of the Shipping Act of 1984, as amended, will keep confidential, to the extent permitted by law, all Shipper bill of lading information, including information related to underlying shippers and commodities in respect of containers of less than containerload cargo containing shipments by more than one Shipper.

RULE 8-010: BILLS OF LADING: TERMS 1-10 (Continued)

2. Clause Paramount.

a) Except as set forth below, this Bill of Lading shall be subject to the provisions of the Hague Rules, as amended (including, where enacted, the Visby Rules), as enacted in the country of shipment. When no such enactment is in force in the country of shipment or destination the Hague Rules shall apply. Except as set forth herein, in no event will Carrier's liability for loss or damage exceed US\$500.00 per Package.

b) If this Bill of Lading covers Goods moving to or from ports of the United States, then carriage of such Goods shall be subject to the provisions of the United States Carriage of Goods by Sea Act, 1936, 46 U.S.C. note 30701, as amended (hereinafter "COGSA"), the terms of which shall be incorporated herein. If any part of this Bill of Lading is inconsistent with any such Compulsory Law, that Compulsory Law shall prevail and shall be considered a part of this contract only to the extent such Compulsory Law applies, and no further

Pursuant to U.S. Federal Maritime Commission authority, Carrier may enter into Negotiated Rate Agreements with Shipper from time to time in lieu of publishing rates and charges in a tariff. In the event any Shipment is tendered to Carrier for Carriage on any shipping document other than Carrier's Bill of Lading, Shipper agrees that Carrier's Bill of Lading shall supersede any rules, regulations or contractual terms contained on the shipping document on which the Shipment was tendered. This shipping document supersedes and

4. Obligations of Shipper.

a) The Shipper shall comply with all applicable laws, rules and regulations of any government or government agency of any country to, from, through, or over which the Goods may be carried or which may be issued by any agency including those relating to: (i) the packing, carriage, sealing, identification or delivery of the Goods or, (ii) any maritime or other general freight transport security requirements which must or ought to be complied with by the Shipper. Carrier has the right at all times to inspect the contents of any Shipment, Package or Container at any time and place without prior notice to Shipper and at the risk and expense of Shipper.

b) The Shipper shall furnish complete and accurate information and attach such documents to this Bill of Lading as may be necessary to comply with such laws, rules and regulations and enable Carrier to fully complete the contract of Carriage. Carrier is not liable to the Shipper or any other person for loss or expense due to the Shipper's failure to comply with this provision.

c) The Shipper warrants that: (i) it is either the owner of the Goods or the authorized agent of the owner of the Goods described on the face hereof and further warrants that it is authorized to accept and is accepting these Conditions not only for himself but also as agent for and on behalf of the owner of the Goods and all other persons who are or may hereafter become interested in the Goods; (ii) the description and particulars of any Goods furnished by or on behalf of the Shipper are complete, timely and accurate, and do not contain any irregularities; (iii) all Goods have been properly and sufficiently prepared, packed, stowed, labeled, sealed, identified and/or marked and that the preparation, packing, stowage, labeling and marking are appropriate to any operations or transactions affecting the Goods and characteristics of the Goods; (iv) the Goods do not comprise or contain any explosive, incendiary or other device, substance or weapon which may endanger life or the safety of a Vessel, vehicle or other transport conveyance to be used in connection with the carriage of the Goods or

which may cause or may be likely to cause loss, damage, injury to or death of any person or property; (v) unless agreed to by Carrier in advance, the Goods do not comprise or contain any dangerous or hazardous materials within the meaning of the International Maritime Dangerous Goods Code, the Hazardous Material Regulations of the U.S. Department of Transportation, Perishable Cargo Regulations, Temperature Control Regulations or other relevant national law, each as revised from time to time (collectively the "Dangerous Goods Regulations") and the Shipper will not tender such Goods to the Carrier for Carriage and/or attendant services without obtaining the Carrier's prior written consent. Where such consent is granted the Shipper warrants that all such Goods are packed, labeled and specified and otherwise meet all the requirements and provisions of the Dangerous Goods Regulations and Shipper acknowledges and agrees that Carrier shall have no obligation to comply with any special handling instructions unless expressly agreed to by Carrier in writing prior to pick-up of the cargo; and (vi) it is in compliance with all applicable laws and government rules and regulations related in any way to the transport of its Goods, including, but not limited to, the U.S. Foreign Corrupt Practices Act, the U.S. Export Administration Regulations, the International Traffic in Arms Regulations, the U.S. Anti-Boycott regulations, the various U.S. economic sanctions programs administered by the U.S. Treasury's Office of Foreign Assets Control and any applicable laws or regulations of any country to, from, through or over which Goods may be carried.

d) Whenever the Goods are discovered to have been received by the Carrier without complying with this section, or the Goods are found to be contraband or prohibited by any law or regulation of any place during the Carriage, or whenever it is apprehended that Goods received in compliance with this section have become dangerous, even if not dangerous when received by the Carrier, the Carrier shall be entitled to have such Goods disposed of at the Carrier's discretion without compensation to Shipper.

e) SOLAS Certification: Shipper acknowledges that it is required to provide verified weights obtained on calibrated, certified equipment of all cargo. Shipper agrees that Carrier is entitled to rely on the accuracy of such weights and to endorse same as Carrier's own certified weight to the steamship line carrying the cargo.

f) THE SHIPPER SHALL DEFEND, INDEMNIFY, AND HOLD HARMLESS THE CARRIER FROM AND AGAINST, AND SHALL PAY AND REIMBURSE CARRIER FOR, ANY AND ALL LIABILITIES, CLAIMS, LOSSES, EXPENSES OR DAMAGES INCURRED OR OCCASIONED BY (i) A BREACH BY THE SHIPPER OF ANY OF THE WARRANTIES CONTAINED HEREIN; (ii) THE FAILURE OF THE SHIPPER TO COMPLY WITH THESE PROVISIONS; (iii) CARRIER'S EXECUTION OF SHIPPER'S

5. Subcontracting.

a) The Carrier shall be entitled to subcontract on any terms the whole or part of the handling, storage, or Carriage of the Goods and any and all duties whatsoever undertaken by the Carrier in relation to the Goods.
b) It is agreed that every Subcontractor (at any tier) and every Inland Carrier shall have the benefit of all provisions in this Bill of Lading for the benefit of the Carrier as if such provisions were expressly for the Subcontractor's or Inland Carrier's benefit. In entering into this contract, the Carrier, to the extent of those provisions, does so not only on its own behalf but also on behalf of such Subcontractors and Inland Carriers as agent. Any applicable limitation of liability shall be a single, aggregate limitation, and satisfaction of such limitation by any one or more of the foregoing persons shall act as a satisfaction of such limitation by all of them. It shall also result in a full assignment and release of claims by each Shipper. Shipper warrants that no claim shall be made against any servant, agent or other person (including any independent contractor) whose services have been used in order to perform the contract without the prior written consent of Carrier.

6. Selection of Route for Transport.

a) The Goods may, at the Carrier's absolute discretion, be carried (or, as necessary, forwarded) as a single shipment or as several shipments by the Vessel and/or any other reasonable means or method of transport by land, water, or air and by any route whatsoever.
b) Any action taken by the Carrier hereunder shall be deemed to be included within the Carriage and any delay resulting therefrom shall not be considered a deviation.

7. Carrier's Liability.

a) When this Bill of Lading is used for Port to Port Transportation of the Goods, the Carrier shall not be responsible for loss of or damage to the Goods caused before loading of the Goods to the Vessel or after discharge from the Vessel.

RULE 8-010: BILLS OF LADING: TERMS 1-10 (Continued)

b) When this Bill of Lading is used for Combined Transport of the Goods, the responsibility of the Carrier with respect to the Goods shall be limited to the period between loading of the Goods to the Vessel and discharge. Any claim for loss of or damage to the Goods, including loss or damages resulting from delay, shall only be made against the Subcontractor or Inland Carrier having actual custody of the Goods when the loss or damage or delay was caused.

c) If it is established by the Shipper that an Inland Carrier or Subcontractor is responsible for loss of or damage to or delay in connection with the Goods, such responsibility shall be to the extent, but not further, than the Inland Carrier or Subcontractor would have been liable to the Shipper if he had made a direct and separate contract with the Shipper in respect of handling, storage or carriage of the Goods, as applicable. Shipper acknowledges and agrees that such Inland Carriers and Subcontractors may limit their liability

d) Carrier does not undertake that the Goods shall arrive at the port of discharge or place of delivery at any particular time or in time to meet any particular market or use. Carrier's sole liability with respect to delay, if any, shall be to the extent that unreasonable delay causes direct loss or damage to the Goods.

e) Carrier shall not be liable for any loss or damage arising from : (1) an act or omission of Shipper or person acting on behalf of Shipper from whom Carrier received Goods for transport; (2) compliance with the instructions of any person authorized to give them; (3) handling, loading, stowage or unloading of Goods; (4) inherent vice of the Goods, or concealed damage to or shortage of Goods when packed by Shipper; (5) insufficient or defective packaging of Goods which are liable to damage when not properly packed; (6) inadequacy of numbers or marks on the Goods; (7) fire, except where caused by the actual fault or privity of Carrier; and (8) any cause or event which Carrier could not avoid and the consequences of which it could not prevent by the exercise of due diligence.

Carrier is subrogated to all rights of Shipper against all others once Carrier has paid Shipper any claim. f) In no event will Carrier be liable for any pre-existing condition, including to any used or refurbished Goods. In addition, it is agreed that rust, oxidation, and like conditions due to moisture or exposure to elements is not a condition of damage, but is inherent in the nature of ocean transportation. Acknowledgement of receipt of Goods in apparent good order and condition is not a representation that the Goods are new, or that a condition of rust, oxidation or the like did not exist on receipt.

- b) Carrier's liability for loss or damage to Goods shall in no instance exceed the otherwise applicable limitation, unless the value (and nature) of Goods higher than this amount has been declared in writing by the Shipper, and consented to in writing by Carrier, before receipt of the Goods by the Carrier and inserted on the face of this Bill of Lading and extra charges have been paid as required in Carrier's tariff. Such value shall then be the limit of Carrier's liability. Even if the actual value of the Goods per Package or unit exceeds such declared value, the value shall nevertheless be deemed to be the declared value, and the Carrier's liability, if any, shall not exceed the declared value. Any partial loss or damage shall be adjusted pro rata on the basis of such declared value. If the declared value has been willfully misstated or is markedly higher than the actual value, the Carrier shall not be liable to pay any compensation.
- c) Where the cargo has been packed into a container or unitized into a similar article of transport by or on behalf of the Shipper, it is agreed that the number of such containers or similar articles of transport shown on the face of this Bill of Lading shall be considered as the number of the Packages or units for the purpose of the application of the limitation of liability provided for herein.
- d) CARRIER SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL OR INDIRECT LOSS, LOSS OF PROFITS OR SALES, BUSINESS INTERRUPTION, LOSS OF MARKET, LOSS OF CONTRACT, LOSS OF REPUTATION OR GOODWILL, LOSS OF REVENUE OR USE CLAIMS, PUNITIVE OR EXEMPLARY DAMAGES, THE CONSEQUENCES OF DELAY OR DEVIATION HOWSOEVER CAUSED, ANY DAMAGE OR DELAY CAUSED BY THE SHIPPER, THIRD PARTY CLAIMS AGAINST THE SHIPPER OR ANY DAMAGE OCCURRING OUTSIDE THE CUSTODY OF THE CARRIER OR ITS SUBCONTRACTORS. 10. Notice of Claim and Time for Suit.

a) Unless notice of loss or damage, detailing with reasonable particularity the nature of such loss or damage be given in writing to the Carrier at the port of discharge or place of delivery before or at the time of delivery of the Goods or, if the loss or damage is not apparent, within 3 days after delivery, lack of such notice shall be prima facie evidence that the Goods have been delivered in good order as described in this Bill of Lading.

b) The Carrier shall be discharged from all liability in respect of the Goods unless suit has been brought within one year after delivery of the Goods or the date when the Goods should have been delivered. Suit shall not be considered to have been "brought" within the time specified unless process shall have been served and jurisdiction properly obtained over the Carrier within such time.

11. Carrier's Liberties.

a) While the Carrier agrees to use all reasonable endeavors to complete the Carriage hereunder with reasonable dispatch, no time for completion is fixed, and the Carrier reserves to itself the right without notice to substitute alternative carriers or vessels and with due regard to the interest of the Shipper use other means of transportation.

The Carrier is further

authorized by the Shipper to select the routing and all intermediate stopping places that it deems appropriate or to change or deviate from the routing shown on the face hereof. If Carrier makes arrangements to store and/or forward the Goods, it is agreed that he shall do so only as agent for and at the sole risk and expense of the Shipper without any liability whatsoever in respect of such agency. The Shipper shall reimburse the Carrier forthwith upon demand for all extra freight charges and expenses incurred for any such actions taken, including delay or expense to the Vessel. Carrier assumes no obligation to forward the goods by any specified carrier, transportation mode, or route or to make connection at any point according to any particular schedule, and Carrier is hereby authorized to select, or deviate from, the transportation modes, carriers, or routes. The Shipper, owner and consignee hereby authorize the Carrier to do all things deemed advisable to arrange such forwarding or on forwarding, including but without limitation, selection of the means of forwarding or on forwarding and the routes thereof (unless these have been herein specified by the Shipper), execution and acceptance of documents of Carriage (which may include provisions exempting or limiting liability), and consigning of Goods with no declaration of value.

b) Carrier has the right to carry Goods under deck or on deck notwithstanding any contract custom, practice or trade regardless of whether such Goods are in a Container, and regardless of whether the bill of lading notes "on deck stowage". Any Goods stowed on deck will be deemed to be stowed below deck for all purposes (including applicability of the Hague Rules or COGSA in accordance with Section 2 herein) and in no event will such on deck stowage be deemed to be a deviation.

12. Container Usage.

When the Goods are not already packed into a Container at the time of receipt by the Carrier, Carrier shall be at liberty, but shall be under no obligation, to pack and carry the Goods in any type of Container. 13. Container Packed by Shipper.

If Carrier receives Goods packed in a Container(s) by or on behalf of the Shipper:

- a) This Bill of Lading is prima facie evidence of the receipt only of the particular number of Containers set forth on the face of this Bill of Lading. Carrier accepts no responsibility for the accuracy of the description of condition or particulars of the Goods.
- b) The Shipper warrants (1) that the stowage of the contents of the Containers and the closing and sealing of the Containers are safe and proper, and (2) that any Containers and their contents are suitable for handling and carriage in accordance with the terms of this Bill of Lading and are in compliance with all applicable laws or regulations.
- c) If the Container is delivered with seals intact, such delivery shall be deemed to be full and complete performance of the Carrier's obligation under this Bill of Lading, and the Carrier shall not be liable for any loss of or damage to the contents of the Container.
- d) Carrier shall have the right but not the obligation to open the Container and to inspect its contents at any time without notice to the Shipper, all at Shipper's expense.
- e) If any seal of the Container is broken by customs or other authorized authorities for inspection, the Carrier shall not be liable for any resulting loss, damage or expenses. Shipper shall be liable for all expenses incurred by Carrier for "re-sealing" such Containers or performing any other actions mandated by such customs or other authorized authorities.

14. Special Carriage or Container.

18. Rates and Charges.

a) Freight may be calculated on the basis of the particulars of the Goods furnished by the Shipper, who shall be deemed to have guaranteed to the Carrier the accuracy of the contents, weight, measure, or value as furnished by him at the time of receipt of the Goods, but the Carrier for the purpose of ascertaining the actual particulars may at any time and at the risk and expense of the Shipper open the container or package and examine contents, weight, measure, and value of the Goods. 10.1 Force Majeure - Notwithstanding any other provision of the NSA or the applicable bill of lading or tariffs,, to the extent Carrier or the NSA Shipper fails to meet any obligation imposed by the terms of the NSA owing to Force Majeure, performance of the NSA shall, to that extent, be deemed to have been frustrated and no cause of action for breach or liability shall arise as a consequence thereof. For the purpose of the NSA, "Force Majeure" means and includes without reservation or restriction, strikes, lockouts, labor disputes or exceptional circumstances arising from the threat thereof; acts of God, State, or the public enemy, including but not limited to, war, terrorism, riots, civil disorder or insurrection, embargo or other disruption or interference with trade including without limitation any interference with land (including rail) or water transportation beyond Carrier's control; natural disaster, inclement weather, marine disaster, perils of the sea, including but not limited to, fire or other casualty which materially frustrates the ability of either party to perform under this NSA. The party declaring Force Majeure must give written notice in accordance with Clause 13 within thirty (30) days of the event giving rise to the Force Majeure and NSA Shipper's Minimum Quantity Commitment or requirements, as the case may be, shall be reduced by a percentage calculated by dividing the number of days that
